

Cel-Fi QUATRA 4000 Range Extender

The Cel-Fi QUATRA Range Extender (QRE) is a Power over Ethernet (PoE) device that extends the maximum distance between the Cel-Fi QUATRA Network Unit and the Coverage Unit.

Features

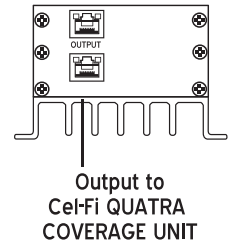

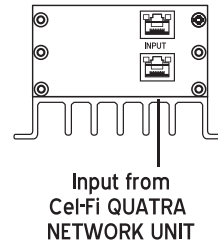

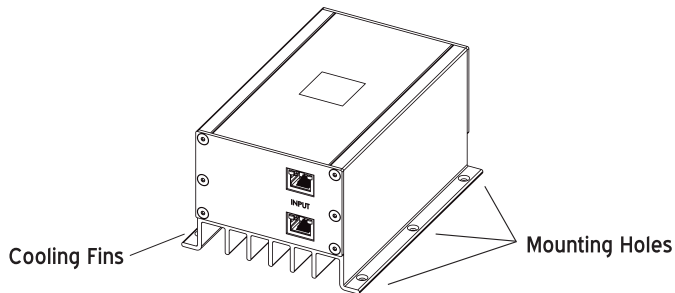

- Allows NU-to-CU cable lengths of up to 650 ft (200 m)
- Power over Ethernet (no separate power supply or PoE injector needed)

PRODUCT DATASHEET

Cel-Fi QUATRA 4000 Range Extender

SPECIFICATIONS

- **Model** : Q40-OE
- **Data Rate** : 1000 Mbps full duplex
- **Connectors** : RJ45
- **Cabling** : Category 5e or better
- **Input/Output voltage** : 42 - 57 VDC
- **Power Consumption** : 7.5 watts typ.
- **Device Type** : Class II
- **Ambient Operating Temp** : 0 - 40°C
- **Relative humidity** : 0 - 95% Non-condensing
- **Environment** : Indoors
- **Mounting** : Wall or shelf
- **Dimensions** : 150(L) x 110.5(W) x 78(H) mm
- **Weight** : 0.7 kg
- **Compliance** : FCC Part 15, Class B, CE, IEEE 802.3at-2009, RoHS, UL/CSA/EN 62368-1

Why Rising Connection is using equipment designed and built by Nextivity?

- Designed and built for the most varied conditions in the world including Australian environment.
- Worldwide proven and respected Industry Experience including in the Australian Telecommunications Industry.
- Expertise support and customer focused staff.
- Up to date with technology and bringing to market the best quality technology available for Reliable Commercial use

This demonstrates to Rising Connection that you will have the Quality, Reliability and Product Support.
